Join us for our training programme on integrating environmental, social and governance (ESG) factors into investment decision-making. This powerful two-day programme is built for asset owners and managers, proxy advisors, researchers and analysts worldwide.

The curriculum aims to fast-track career development for ESG professionals – enhancing the capacity of institutions to draw value and monitor risks in governance.

Price:*

Early bird discount - £1,305 GBP for ICGN members and £1,755 GBP for non-members (registrations before 31st July 2012 for Stockholm and 31st October 2012 for Rotterdam)

Standard rate - £1,450 GBP for ICGN members and £1,950 GBP for non-members (registrations from 1st July 2012 for Stockholm and 1st November 2012 for Rotterdam)

**(Prices exclude tax)*

Modules include:

- Introducing ESG in practice
- Managing your responsibilities as an ESG professional
- ESG and investment decision-making
- How to conduct an ESG analysis of a company
- Strategies of stewardship and Engagement
- Global best practice: OECD, ICGN and PRI Guidance

The programme is endorsed and co-financed by the European Commission and is part of a joint project between ICGN, PRI and EFFAS.

Kindly supported by the UK Financial Reporting Council, the Netherlands Ministry of Economic Affairs, Agriculture and Innovation, Holland Financial Centre, the training institute of the Dutch Pension sector SPO, Eumedion and NASDAQ OMX.
